04-20-00 Section 15(7) of the Public Employment Relations Act (PERA) mandates that any contract entered into include a statement that allows an Emergency Manager appointed under the Local Government and School District Fiscal Accountability Act to reject, modify, or terminate the collective bargaining agreement as provided in the Local Government and School District Fiscal Accountability Act. This provision is intended to satisfy this requirement. No grievances may be processed contesting actions taken by Emergency Manager.

Further, the Board agrees that it will not directly or indirectly encourage or discourage, deprive or coerce any teacher in the employment of any of the rights covered by Act 336 of P.A. of 1947, as amended, or other laws of the State of Michigan, or the Constitutions of the State of Michigan or of the United States, that it will not discriminate against any teacher with respect to hours, wages, terms, or conditions of employment by reason of his membership or non-membership in the Association, his participation or refraining from participation in any lawful activities of the Association, or in collective professional negotiations with the Board, or of his institution of any lawful proceedings or grievance pursuant to this contract or any proceeding pursuant to law.

24-00-00 RIGHTS RESERVED TO THE BOARD

24-04-00 The Board hereby retains and reserves unto itself all powers, rights, authorities, duties and responsibilities conferred upon and vested in it by the laws and the Constitution of the State of Michigan, and the United States, including, but without limiting the generality of the foregoing, the right:

24-04-20 The exercise of the foregoing powers, rights, authorities, duties, and responsibilities by the Employer, the adoption of policies, rules, regulations and practices in furtherance thereof, and the use of judgment and discretion in connection therewith shall be limited only by the specific and express terms hereof, and in conformance with the Constitution and laws of the State of Michigan, and the Constitution and laws of the United States.

- 28-16-00 The Board agrees to relieve the faculty of clerical work, cafeteria patrol, and playground duty. The lunchroom supervisor shall have the support of the present student discipline code with the cooperation of the Instructional leader.

See Also 36-12-08

28-20-00 The Board agrees to continue to reserve the present three rooms which are reserved for the use of faculty, unless room for room changes are mutually agreed upon by the Association and the Board.

28-24-00 If any teacher is complained against or sued as a result of action taken by the teacher while in pursuit of his employment, the Administration will immediately investigate.

28-28-00 Any complaints directed against a teacher shall be promptly called to that teacher's attention if considered serious enough to be included in that teacher's personnel file.

See Also 16-08-00

28-32-00 At the beginning of each teacher's employment, the Board will furnish all current Board and/or administrative policies affecting teachers. Any revision or additions will be published and distributed to all teachers as soon as possible. The Association will be provided a complete copy of all current Board policies.

See Also 20-28-00

28-36-00 The Board shall supply appropriate texts, library reference facilities, maps and globes, laboratory equipment, audio-visual equipment, art supplies, athletic equipment, current periodicals, standardized tests and questionnaires, and similar materials.

28-44-00 The Board agrees to appropriate the funding for the teacher in-service through the life of this contract. The type and scope of the in-service training will be decided by the Association In-service Committee and the Administration.

36-00-00 STUDENT DISCIPLINE AND SPECIAL PROGRAMS

36-04-00 Student Discipline- The Board will give reasonable support and assistance to teachers with respect to the maintenance of control and discipline in the classroom, on school property, and at all school sponsored functions. Building administrators have the responsibility to notify receiving teachers when a student enrolls in Homer District with past incidents of known repetitive assaultive behavior or expulsion due to a weapons violation. Whenever it appears that a particular pupil requires the attention of special counselors, social workers, or law enforcement personnel, the teacher shall advise his instructional leader; if the instructional leader concurs, reasonable steps shall be taken to provide such special attention as is required. Control and discipline of the classroom is a responsibility of every teacher.

36-08-00 A teacher may use such physical force as is necessary, as provided by law, for the purpose of maintaining proper discipline over the pupil in attendance at school or at school functions.

36-12-00 A teacher may exclude a pupil from class when the continued presence of the student in the classroom becomes intolerable. In such cases, the teacher will furnish the Instructional Leader, as promptly as his teaching obligation will allow, full particulars of the problem in writing. The pupil shall not be returned to the class until after private consultation between the Administrator and the teacher.

See Also 40-04-00 Assault

36-12-04 When a student's behavior at any extracurricular activity becomes intolerable, the teacher in charge may exclude the student from the activity. In such cases, the teacher will furnish the building principal, as promptly as the situation allows, full particulars of the problem in writing. The student will not be allowed to participate in the activity until the building principal resolves the problem following established policy.

36-12-08 A teacher while maintaining control and discipline during the school day outside of the classroom may direct a disruptive student to the building principal's office. In such cases the teacher will furnish the principal as soon as the situation allows, full particulars of the problem in writing. The principal will resolve the problem according to established policy.

40-00-00 ASSAULT

40-04-00 Any case of assault upon a teacher which had its inception in a school centered problem shall be immediately reported to the Board or its designated representative. A written description of the incident shall follow within one school day unless it is physically impossible to inform the school or have them informed. If the assault was by pupil(s), the administration shall promptly investigate the matter and determine suitable treatment for the assaulting pupil(s). This decision, prior to being carried out, shall be communicated to and discussed with the teacher concerned.

40-08-00 If the assault is by an adult who is not a pupil, the Board or its designated representative shall promptly report the incident to the proper law enforcement authorities.

40-12-00 If, in an assault, (as in 40-04-00) the Board determines that the teacher assaulted has acted within his rights, the teacher will be paid the difference between Worker's Compensation and their regular salary (not to exceed ten (10) months) with no loss of sick leave time as a result of any disabling injury incurred during

the assault. In the event of a disabling injury arising out of an assault which occurred because the teacher was not acting within his rights, accumulative sick leave may be used.

See Also 56-00-00 Sick Leave

44-00-00 CLASS LOADS AND RESTRICTIONS

44-04-00 Both the Board and the Association recognize that, providing classrooms and finances are available, the individual class loads in the middle and high school should be less than 31 pupils; that the study halls should not have a ratio larger than 55 pupils to one teacher or teacher's aide; and that the class loads of band, music, and physical education depend somewhat on the physical facilities available. In lab classes (i.e. agricultural, woodshop, art, etc.) the Board will attempt to maintain smaller class sizes. In the high school and middle school the assignment of more than one (1) preparation per class period shall be cooperatively developed between the Instructional Leader and the teacher involved. In a double preparation class such as Spanish I and II or Art I and Art II, class size may not exceed 23 students without permission of the instructor.

44-08-00 Teachers will be assigned to elementary buildings in sufficient number to attempt to keep the enrollment per room 30 or under, provided classrooms and finances are available.

44-10-00 The parties recognize that students mainstreamed into a regular classroom who have learning disabilities will occasionally warrant special attention of the teacher and the administration agrees to make every effort to adjust class loads accordingly. Special education teachers will notify teachers of any students with special needs.

44-12-00 It is also understood that there may be some classes scheduled before and/or after the normal pupil school day. This paragraph does not exclude mutual agreement between teachers and Board under which a teacher may teach a class before or after a normal pupil day. This mutual agreement shall be in conformity with the thirty (30) period pupil contact in the classroom per week set forth below.

See Also 20-04-00 Teaching Day

44-16-00 The normal weekly teaching load in the Homer Community School District will not exceed an average of thirty (30) periods of pupil contact in the classroom per week. Assignment of a supervised study period shall be considered a teaching period for the purposes of this section. If a teacher's schedule is less than thirty (30) periods of pupil contact per week, he will be expected upon occasion to participate in a "rainy day" supervision schedule. The thirty (30) period average

week should not be violated. A four (4) week average of one hundred twenty (120) periods will not be violated.

- 44-16-04 Under no circumstances shall junior or senior high teachers have more than five (5) class preparations per day.
- 44-16-08 A teacher's day shall not be longer than seven (7) consecutive hours.
- 44-24-00 It is agreed that curriculum meetings, staff meetings, department meetings, grade level meetings, and meetings scheduled with parents (other than regularly scheduled parent-teacher conferences) shall not exceed thirty (30) hours per year. It is expected that all teachers shall be in attendance at any meeting called by their Instructional Leader or Superintendent. This language does not prohibit a teacher from working in excess of thirty (30) hours.
- 44-24-04 It is recognized that teachers and students can best function when interruptions are kept to a minimum. Therefore, efforts shall be made on the part of administrators to communicate information and announcements of importance to staff on a daily basis in a manner designed to minimize interruptions.
- 44-26-00 The administration will make every attempt to give one week's notice before events that remove a group of students from class or alter the instruction time designated to a class. (i.e. assemblies, field trips, meetings, testing, etc.) This does not prohibit emergency situations.
- 44-26-02 Parents, guardians and/or agents of students are welcome in classrooms but they need to realize their presence may alter the educational environment. Therefore, visits and observations will be agreed on at least 2 full days in advance.
- 44-28-00 All teachers shall be entitled to a duty-free uninterrupted lunch period of not less than thirty (30) minutes. Elementary teachers will be provided two (2) twenty (20) minute conference and preparation periods each day. Elementary teachers may use for preparation all time during which their classes are receiving instruction from various teaching specialists. When reasonably possible, schedules for specialists will be coordinated so as to spread the teacher's relief time evenly throughout the week. Teachers of music, art, and the librarians, reading consultants, counselors, and all special education teachers shall be provided with preparation time in the same proportion as other teachers in the district. No departure from these norms, except in cases of emergency, shall be made without prior consultation with the Association.
- 44-30-00 Preparation and conference periods should be used for classroom related activities and planning and are considered an assignment.

- 44-32-08 Full-time middle and high school teachers shall be provided with one preparation period per day of the same length as a regular class period.
- 44-34-00 Classes requiring a teacher to travel between buildings will be scheduled to allow a greater amount of traveling time than classes in the same building.
- 46-00-00 LEAST RESTRICTIVE ENVIRONMENT**
- 46-12-04 STATEMENT OF PHILOSOPHY
In order to provide the least restrictive environment (LRE) for students with disabilities the District will offer a continuum of services. Whenever it is educationally beneficial to students with disabilities, they will be placed in regular education classes.
- 46-04-00 LOCAL DISTRICT PLANNING
Upon signing of this Agreement, the Employer shall meet with the appropriate Association committee within thirty days as designated by the Association and advise it regarding the history and status of all current or prospective planning activities relating to the implementation of the least restrictive environment (LRE) concept throughout the District, or any portion thereof. Whether such planning has commenced or not, from the signing of this Agreement forward, whenever such planning activities occur, the Employer shall assure that the Association shall be a participant in any planning process involving the District, as well as in the formulation and presentation of the Employer's position as a part of any such planning activities involving the Intermediate School District.
- 46-04-02 In cases where plans are completed without initial Association participation and are already in the process of implementation, the Association shall be provided the opportunity to review and recommend modifications.
- 46-04-04 Such participation shall neither expressly nor by implication be deemed to be a waiver of the Association's right to bargain any working condition in accordance with its responsibilities pursuant to the Public Employment Relations Act, as amended.
- 46-06-00 IEPT/MET PARTICIPATION
Whenever it is known in advance that a bargaining unit member will be providing instructional or other services to a student with disabilities in a regular education classroom setting he/she shall be invited, in writing, to participate in the individual educational planning team (IEPT) which may initially place (or continue the placement of) the student in a regular education classroom. Unless directed to attend by the Employer, the member may choose not to do so. Whenever a bargaining unit member responsible for instructing a student with disabilities has reason to believe that the student's current individual educational plan (IEP) is not

meeting the student's unique needs as required by law, the teacher may request that an IEPT be convened. All such requests will be honored, and the IEPT will be convened forthwith. The requesting teacher shall be invited to attend.

46-08-00 SUPPORT FOR REGULAR EDUCATIONAL PERSONNEL

The parties recognize the extent to which a handicapped student can participate in regular education programs and services and whether such participation can be achieved satisfactorily will depend in large part upon the training and other support provided the regular education personnel responsible for instructing the handicapped student.

46-08-02 Accordingly, in order to assure that the handicapped student will be allowed to participate in regular education programs and services to the maximum extent appropriate, the teacher may invoke the following:

46-08-02-02 When the student's individual educational plan (IEP) specifies and provides for immediate availability of all supplementary aides, support personnel and other related services deemed necessary by the individual educational planning team (IEPT) to satisfactorily achieve educating the student in the regular education class, the Employer agrees to provide forthwith in-service training to the teacher regarding the instruction and behavioral management of handicapped students (except speech and language impaired students) in the regular education classroom setting, including the differing approaches, problems and techniques to be utilized with varying handicapping conditions.

46-08-02-06 If the teacher has cause to believe that the participation by a student with disabilities in the regular education class significantly disrupts or has a negative impact on the educational process for the student with disabilities or other students in the class, the teacher may invoke the review process outlined in 46-08-04 of this section.

46-08-02-08 Review Process

When problems arise as a result of the bargaining unit member's attempt to implement the least restrictive environment mandate, the member will discuss these problems with appropriate personnel at the building level in the interest of resolving them. In the event such problems remain unresolved following discussions at the building level such problems shall be referred to the LRE Review Committee.

46-08-04 LRE Review Committee

An LRE Review Committee is hereby established. The Committee shall be empowered to receive, review and respond to requests of any bargaining unit member regarding assistance desired in resolving problems arising out of the member's attempt to implement the least restrictive environment mandate.

- 46-08-06 The Committee shall be composed of an equal number of representatives of the Association and the District. The Committee shall not exceed 8 members. If the recommendation of the Committee can be implemented without recalling the IEPT the recommendation will be implemented in accordance with the agreed upon timeline. If the recommendation of the Committee cannot be implemented without recalling the IEPT, an IEPT will be convened forthwith, and the recommendation of the Committee shall be the recommendation of the parties to this agreement at the IEPT to be considered by all IEPT participants in making their determination.
- 46-08-08 If a majority of the LRE Committee is unable to agree upon a solution to the problem(s) at the request of either party the issue shall be submitted to a neutral third party agreed to by the parties for review. For purposes of this provision the following shall apply:
- 46-08-08-02 Absent exceptional cause, the third party recommendation shall be implemented unless such recommendation would require reconvening the IEPT.
- 46-08-08-04 If the recommendation of the third party would require reconvening the IEPT the recommendation shall be advisory to the IEPT and shall be the recommendation of the parties to this agreement at the IEPT to be considered by all IEPT participants in making their determination.
- 46-10-00 **ACCOUNTABILITY/LIABILITY**
Bargaining unit members shall be held accountable for awareness and implementation of the IEP of students with disabilities where appropriate. No bargaining unit member shall be held accountable if a student with disabilities, while participating in a regular education classroom or otherwise, does not achieve the growth projected in the student's annual goals and objectives.
- 46-12-00 **SCHOOL HEALTH SERVICES**
No bargaining unit member shall be required to provide school health services.
- 46-12-02 For the purposes of this Article, the term "school health services" shall mean any act or function constituting the "practice of medicine" within the meaning of Section 17001 of the Public Health Code (MCL 33.17001).
- 46-12-04 No bargaining unit member shall be required to provide services where to do so would cause the member to touch or view the genital area of a student.
- 52-00-00 HEALTH OF TEACHERS**
- 52-04-00 The Board may require any teacher to submit to a physical examination, and/or psychological, or psychiatric examination at any time.

- 52-04-04 Such examination will be paid by the Board and shall be held during school time. No loss of time shall be charged against a teacher for days missed while taking said examination.

56-08-00 Application for a leave or return from leave shall be received by the Superintendent no later than thirty (30) days prior to the effective date. In case of emergency, the 30 days' notice shall be waived. The Superintendent shall, within five (5) days, notify the Association of application for return from leave.

56-08-04 If a teacher does not comply with all of the above conditions, the right to such a leave and/or the right to return, may be denied by the Board.

56-12-00 The Board desires the beginning date and ending date to correspond as nearly as

possible with the beginning or ending of school or a semester, when practical.

56-16-00 The Board shall act at the next regularly scheduled Board meeting on a teacher's request for leave or return from leave. Within ten (10) days following the Board meeting, if the teacher requests, the Board shall reply in writing to the teacher stating acceptance or denial of the request for leave or return from leave.
